

PROFESSIONAL SUMMARY

Organized and driven student recognized for delivering high-quality work under tight deadlines. Demonstrates strong skills and expertise with a solid foundation in computer science, specifically in artificial intelligence, machine learning, and graphic design, with a focus on contributing to innovative projects. Committed to ongoing professional development and mastering advanced technologies.

EDUCATIONAL HISTORY

- **Bachelor's of Engineering in Artificial Intelligence and Machine Learning** 2023 – 2025
Institution: Basaveshwar Engineering College, Bagalkot CGPA: 7.20
- **Diploma in Computer Science and Engineering** 2019 – 2022
Institution: R. N. Shetty Polytechnic, Belagavi Percentage: 67.88%

INTERNSHIP/WORK EXPERIENCE

- **Web Development Intern**
Organization: Incubated at Innovation and Incubation.
Center Duration: 06/11/2023 – 05/12/2023
- **Web Development and Data Science intern**
Organization: Insystel Technology Solutions Pvt. Ltd.
Duration: 10/02/2025 – 26/05/2025

PROJECTS

- **CarPricePro: A Predictive Model for Vehicle Prices**
Developed an AI-driven predictive analytics tool that examined over 1000 vehicle listings. Delivered actionable insights for pricing strategies.
- **AutoValuePredict: EDA and ANN-Based Model Building**
Engineered AutoValuePredict using exploratory data analysis (EDA) and artificial neural networks (ANN) to construct accurate vehicle valuation models.
- **Text Classification on Dravidian Languages**
Developed a text classification model for Dravidian languages, utilizing NLP techniques to accurately classify and categorize language data. Implemented preprocessing, feature extraction, and machine learning algorithms to achieve high accuracy.
- **AI- Based Virtual Try on System**
Developed an AI-powered virtual try-on system that allows users to experience clothing on virtual models or themselves through augmented reality, enhancing the online shopping experience and reducing returns.

TECHNICAL SKILLS AND INTERESTS

- Programming Languages: C, Python, HTML, CSS, MySQL, JavaScript
- Relevant Coursework: Operating Systems, Database Management Systems (DBMS)
- Domains of Interest: Web Design and Development, Graphic Design, Data Analytics
- Soft Skills: Problem Solving, Self-learning, Adaptability, Communication

CO-CURRICULAR ACTIVITIES

- **Organizer, WAVE 2.0 National Level Hackathon**
Directed the Publicity team, playing a pivotal role in the successful orchestration of an event that drew 90+ teams and over 360+ participants.
